## KATHY'S PICS

Orange County Voting Recommendations from conservative, Kathy Dittner

Kathy's Pics can be viewed on Robyn Norrell's Conservative California Election Website: <https://www.robbynordell.com/county/orange/>

**About Kathy:** I am a Christian conservative who spends many hours researching candidates and issues. I have been involved in politics since being elected to the Orange County Central Committee in 1992. My "Pics" reflect a Biblical world view that is pro-life, pro-family, pro-Constitution, pro-choice in education, as well as a view that supports decentralized and limited government in both size and spending. I generally do not recommend anyone from the Democrat Party as it does not reflect the values and issues I support.

*Important note: do not put your ballot in an envelope and drop it in the mail or Dropbox! Please read the reason why and **VOTE IN PERSON.***

**I have chosen candidates who best reflect my values. They have at least one of these values; pro-life, pro-marriage, pro- liberty, conservative, endorsed by the California Republican Assembly (CRA), or recommended by Craig Huey's Judges Voter Guide.**

**President of the United States.**

**Donald Trump.** What can I say!

Donald Trump did Make America Great from 2016-2020! Weren't you better off than you are today? Didn't you have more freedom to live your life without being persecuted for your beliefs and political positions? He was the most pro-life President ever and the 1<sup>st</sup> President to speak in person at the March for Life in Washington.

He controlled the border, built as much of the wall as he could, cut taxes, created jobs, reduced inflation, established the Abrahamic Accords, moved our embassy to Jerusalem, restored our energy independence (remember when gas prices were \$2.84?), created jobs for everyone, and appointed conservative, pro-life Supreme Court Justices. How about no wars? We felt safe and secure from our enemies. This term, he has promised to remove the Deep State's corruption in the FBI and Attorney General's office. He wants to protect our children from the transgender movement. He will restore the military, our borders, and respect from every nation. Trump's movement is called "America First," therefore, you can trust that he is not a globalist (like Nikki Haley) nor is

he afraid that climate change will cause the end of the world. He will not support digital currency or spying on American citizens.

But no, he did not morph into a sweet, gentle, soft-spoken man without flaws and a sinful past. The Bible says, "all have fallen and fall short of the glory of God." Romans 3:22-24. So "those without sin, cast the first stone" John 8:3-8.

He has persevered through unprecedented persecution by The Deep State to slander, malign, lie, abuse, unjustly prosecute, indict his family, and strip him of his protected rights as a former President. He deserves our respect and vote!

#### **Raids County Treatment Programs to “Subsidize” State Government Welfare Housing Projects.**

Newsom’s plan is to have voter approval for a \$6.38 BILLION bond to be paid over 30 yrs. for a total of \$10-12B debt. Your tax money will go towards permanently taking 30% of your current county mental health programs and handing those funds over to state-paid developers through the “Housing First” subsidies program to build so-called “affordable” housing costing \$800-\$1M per unit to build.

It will amend the state constitution and eliminate the right of homeowners to vote against welfare housing to be built in their neighborhoods.

It will subject all the tax funding to the rules of “Housing First” that made it a state law to require all homeless housing to adopt the “Housing First model” which does NOT require the homeless to stop panhandling, drunkenness, trespassing, public defecation drug use or begin mental health therapy in the facilities that house them. They simply get free housing without any requirements to change – all on your dime!

The belief of “Housing First” is that if you provide the homeless with free, permanent housing units, they will then be able to get off drugs and reclaim their mental health. That has never been proven and is false!

Here are some real solutions: enforce all laws relating to loitering, pan-handling, indecency, violence, theft, and trespassing. Use the law to get the homeless into treatment and get to the root of their homelessness. If mental health or substance abuse is their problem, provide mental health counseling and get them into temporary shelter for food and a bed. Require every capable homeless person who receives taxpayer assistance to join a work detail in their community to pick up trash or perform public services. That’s Biblical! If you don’t work, you don’t eat! 2Th 3:10.
